2019 MECHANICAL AND PLUMBING PERMIT - FREQUENTLY ASKED QUESTIONS

What is a plumbing permit? A plumbing permit is needed when installing or altering water or drainage piping, or adding, replacing and repairing plumbing fixtures within the building. In particular, a plumbing permit is required when installing water heaters, installing a hose bib or ice maker, replacing a dishwasher or toilet, and relocating a gas or electric hot water tank.

What is a mechanical permit? A mechanical permit is needed when installing or altering fuel gas piping, heating ventilation, or cooling equipment fixtures within the building. In particular, a mechanical permit is required when installing or changing any part of a heating or cooling system that must be vented into any kind of chimney, installing a woodstove, fireplace insert, pellet stove, or related venting, installing, altering, or repairing gas piping between the meter and an appliance (indoors or outdoors), and installing bath fans, dryer exhausts, kitchen range exhausts, and appliances that are required to be vented

What is the purpose of a mechanical or plumbing permit? The purpose of a mechanical or plumbing permit is to ensure that the fixtures and piping associated with the permit are installed correct and are safe for use by the current building occupant and future building occupants.

Do mechanical and plumbing permits require an inspection? Yes, most mechanical and plumbing permits will only require a final inspection once all the work has been completed. Some large scale residential and commercial projects may require additional inspections.

How much will the permit cost? The cost of the permit will vary depending on the number of fixtures and piping being added, repaired, altered, or replaced. Each mechanical and plumbing permit has a base fee plus each fixture being worked on, had an associated fee along with it. Commercial mechanical and plumbing permits have an attached plan check fee and a fee based on the value of the project.

What is the process for approval for a mechanical or plumbing permit?

1. When you are ready to submit your application to the City, you may bring all required items for a complete application to city hall or submit the permit and plans digitally via e-mail.
2. A City Staff member will review your application using the attached submittal checklist to determine if it is complete. Incomplete applications will not be accepted by the City.
3. Once the application has been determined complete, the City Staff will review the application. The application must meet the approval criteria.
4. If the application has not met the approval criteria:
 - a. The City will mail you a letter indicating the changes that must be made to the application.
 - b. You have 180-days to modify your application and resubmit it to the City.
 - c. Your application will expire if requested information is not provided.
5. Once adequate information has been provided from the applicant to the City, the City will issue a decision of approved, approved with conditions, or denied.
6. The decision of the City is appealable to the Hearing Examiner.

Note: This packet is to help you complete your application. **The Sultan Municipal Code (SMC), the Unified Plumbing Code (UPC) and the 2015 International Residential Code (IRC) gives you more code requirements.**
